Pembine, Wisconsin

EVERGREENS AND CONIFEROUS TREES

For windbreak, shelter belt or landscape work, evergreens are indispensable. Potted trees and transplants do not require shade. Roots are not disturbed. Trees have no set back. B & B packing and paper wrapping of trees from pots free, no extra charge.

18 to 24 inch (transplanted three times) each	\$1.50
12 to 18 inch (transplanted two times) each50
8 to 12 inch (from 3 inch pots) each20
6 to 8 inch (from 2 inch pots) each10

ABIES BALSAMEA. Balsam Fir—A most beautiful evergreen, wide spreading branches, the very best type; origin in Northern Wisconsin.

ABIES PECTINATA. European Fir—Green foliage. Are medium sized, very ornamental.

ABIES CONCOLOR. Colorado Silver Fir—One of the best silvery blue foliages always true in color, very ornamental.

JUNIPERUS VIRGINIA. Red Cedar—Very pretty type from Northern Wisconsin. Much superior to Southern Red Cedar and also very hardy.

JUNIPERUS SCOPOLORUM. Black Hills Silver Cedar—A beautiful type from the Black Hills. Foliage silvery blue. Grows to be a medium size tree.

LARIX AMERICANA. American Larch—Origin Northern Wisconsin, of rapid growth, valuable for many uses.

PICEA EXCELSA. Norway Spruce—One of the most well known and widely planted.

LARIX EUROPAEA. European Larch—Somewhat similar to the American variety, only more sturdy and not so tall.

PICEA ENGELMANNI. Engelman Spruce—From the mountains of Colorado, blue colored foliage, very ornamental.

PICEA EXCELSA BOREALIS. Polar Spruce—Origin Finland, one of the hardiest, small size, beautiful foliage.

PICEA CANEDENSIS. White Spruce—One of the very best of the spruce, will stand transplanting better than any other evergreen, of rapid growth and perfect form, the foliage is a silvery green, origin Wisconsin and Michigan.

PICEA CANEDENSIS ALBERTINA. Black Hills Spruce—Of sturdy growth, compact dense foliage, of perfect form, resembles the white spruce.

PICEA MARIANA. Black Spruce—Of perfect conical shape, foliage dark, very beautiful, origin Northern Wisconsin.

PICEA PUNGENS. Colorado Blue Spruce—The steel blue foliage of this variety is very beautiful and makes a pleasing contrast planted among other evergreens of a lighter shade.

PINUS ARISTATA. Bristle Cone Pine—From the Rocky mountains of Colorado, where it grows at a high elevation close to the snow line, dark colored heavy foliage, very ornamental.

PINUS AUSTRIACA. Austrian Pine—Extremely hardy, has been known to thrive on sandy shores exposed to severe ocean gales, of perfect pyramidal form.

PSEUDOTSUGA DOUGLASSI. Douglas Fir—From Northern Colorado. Wide spreading, tall, and stately for ornamental shade or landscape planting.

PINUS DIVARICATI. Banksian Pine Will grow on the poorest barren soils, has no equal for a beginning in reforesting on sandy lands.

PINUS PONDEROSA. Western Yellow Pine—Origin the Black Hills region, very long foliage, large growing, valuable for reforesting.

PINUS STROBUS. White Pine—Large growing, majestic, of great value for lumber, the pine of New England, Wisconsin and Michigan.

PINUS DESIFLORA. Japanese Pine—A hardy ornamental tree; dense foliage.

PINUS RESINOSA. Norway Pine—Handsome straight growth, long heavy foliage valuable for ornamental planting or reforesting.

PINUS SYLVESTRUS. Scotch Pine—Of extreme hardiness and vigorous growth, will thrive on poor soils.

TSUGA CANEDENSIS. Canadian Hemlock—Of splendid appearance, very dense long dropping branches.

THUJA ORIENTALIS. Chinese Arbor Vitae—Of perfect shape, beautiful colored foliage.

THUYA OCCIDENTALIS. American Arbor Vitae—Has no equal and should be in every collection. Of medium size, perfect shape and very beautiful.

For the growing of Christmas trees we recommend the planting of Black Spruce (*Picea Mariana*); Balsam Fir (*Abies Balsamiae*); White Spruce (*Picea Canadensis*); Norway Spruce (*Picea Excelsa*); and Douglas Fir (*Pseudotsuga Douglasii*).

Low growing types of Evergreens of extreme value for edging, ornamental lawn, grouping, background planting and natural pool development.

SABIN JUNIPER. *Juniperus Sabina*

WISCONSIN JUNIPER. *Juniperus Communis Depressa*—

HANDLING OF EVERGREENS

In the handling of Evergreens, never allow the roots to become dry. Their sap is resinous and once hardened no amount of moisture will dissolve. Dip the roots in thin mud as soon as unpacked and leave them there until setting out. Deciduous trees require the same treatment but will not dry out so quickly. Use plenty of water when planting—thorough watering and alternate thorough cultivation after planting; every ten days until trees are well established.

We prepare trees for shipment immediately after being dug up. The roots are dipped in a composition of clay and water, then packed in damp moss and rolled firm in kraft paper, leaving the tops free and excluding air from the roots. The bundle is then wrapped in burlap, well tied and securely sewed, making a neat bundle—not too heavy to ship by express, same being preferable. Will not use other modes of transportation unless ordered by purchaser.

Seedlings and evergreens can be taken up with ball of earth attached and can be wrapped with sphagnum moss and cotton twine; to be planted with twine and moss intact. Moss is beneficial for tree growth, absorbing and storing surplus moisture to be taken in up by tree as needed. Trees will grow more rapidly and luxuriantly than if planted in the ordinary way. Burlap is used inside twine on larger tree and junipers.

DECIDUOUS TREES

We can furnish a description on request. Many of the kinds are well known; all of them have a part to fill in reforestation. Mixed with the evergreen varieties, as found growing in our native forests, both kinds seem to thrive well, and in late autumn the different colors and many hues of the deciduous trees mingle in contrast with the lighter and darker shades of the evergreens and create a pleasing scene not likely to be surpassed in beauty.

 WESTERN CATALPA. (*Catalpa Speciosa*)
 YELLOW BIRCH. (*Betula Lutea*)

ORNAMENTAL SHRUBS

We furnish for planting an extensive and varied assemblage of varieties. Arranged in groups it is more convenient to make selections.

GROUP NO. 1—Can be used for ornamental planting and produces immense crops of fruits that are valued for home use and marketing. Price: 15 cts. each. \$1.50 per dozen. \$10 per 100.

AMELANCHIER ALNIFOLIA. Dwarf June Berry—1 to 2 feet.
 AMELANCHIER CANADENSIS. Sarvice Berry—2 to 4 feet.
 PRUNUS PUMILA. Sand Cherry—1 to 2 feet.
 PRUNUS MELANOCARPA. Choke Cherry—1 to 2 feet.

PRUNUS MARITAMA. Wild Plum—2 to 4 feet.
 PRUNUS TOMENTOSA. Chinese Bird Cherry—1 to 2 feet.
 VACCINUM PENNSYLVANICUM. Blue Berry—1 to 2 feet.
 VIBURNUM AMERICANA. High Bush Cranberry—2 to 4 feet.

* * * *

GROUP NO. 2—Very ornamental. Some bear pretty flowers; other varieties have white berries and some have deep red berries that remain adhered until the Winter months. Price: 15 cts each. \$1.50 per dozen. \$10 per 100.

CEANOTHUS OVATUS. New Jersey Tea—1 to 2 feet.
 CORYLUS AMERICANA. Hazelnut—2 to 4 feet.
 CORNUS PANICULATA. Panicked Dogwood—2 to 4 feet.
 CORNUS RUGOSA. Golden Twigged Dogwood—1 to 2 feet.
 COMTONIA ASPLENFOLIA. Sweet Fern—1 to 2 feet.
 DIRCA PALUSTRIS. Leather Wood—1 to 2 feet.
 HAMAMELIS VIRGINIANA. Witch Hazel—2 to 4 feet.
 ILEX VERTICILLATA. Winter Berry—2 to 4 feet.
 LONICERA CILIATA. Dwarf Honeysuckle—1 to 2 feet.
 NEMOPHANTHUS MUCRONATA. Mountain Holly 1 to 2 feet.
 RHUS GLABRA. Sumac—2 to 4 feet.

RUBUS ODORATUS. Flowering Raspberry—1 to 2 feet.
 SAMBUCUS MELANOCARPA. Black Elderberry—1 to 2 feet.
 SAMBUCUS NIGRA AUREA. Golden Elderberry—1 to 2 feet.
 SAMBUCUS PUBENS. Red-berried Elderberry—1 to 2 feet.
 SAMBUCUS ACUTILOBA. Cut leaved Elderberry—1 to 2 feet.
 SYMPHORICARPUS RACEMOSIS. White Snowberry—1 to 2 feet.
 SYMPHORICARPUS VULGARIS. Red Snowberry—1 to 2 feet.
 SPIREA LATIFOLIA. Meadow Sweet—1 to 2 feet.
 PHILADELPHUS CORONARIUS. Mock Orange—2 to 4 feet.
 VIBURNUM LENTAGO. Northern Haw—2 to 4 feet.
 VIBURNUM ACERFOLIUM. Maple-Leaf Viburnum—1 to 2 feet.
 ZANTHOXYLUM AMERICANA. Prickly Ash—2 to 4 feet.

* * * *

GROUP NO. 3—In this group are shrubs that thrive best where there is plenty of moisture. Can be planted on lake shores, river banks, or to cover up deep damp swales or near water fountains. Price: 15 cts. each. \$1.50 per dozen. \$10 per 100.

ACER SPICATUM. Mountain Maple
 A large maple-leaved shrub. At the first frost, leaves turn a creamy yellow and small maple-like seeds a bright pink. 2 to 4 feet.
 BETULA FONTINALIS. Water Birch
 A medium birch-like shrub. Bears pinnacles of seed in the Autumn. 1 to 2 feet.

CORNUS STOLINEFERA. Red Twig Dogwood. Twigs blood red, white flowers followed with bunches of white berries. 1 to 2 feet.
 SALIX CAPREA. Pussy Willows—
 In the early Spring before the leaves appear the twigs of this shrub are covered with glistening silvered catkins that make a very pleasing appearance. 2 to 4 feet.

GROUP NO. 4—In this group are shrubs that grow quite compact and stand trimming well. Used mostly for hedges. Price: 10 cts. each. \$1 per dozen. \$8 per 100.

BERBERIS THUNGBERRI. Japanese Barberry—12 to 18 inches.

BERBERIS THUNGBERRI ATRO-PUHPUREA. Red leaved Barberry.—8 to 12 inch.

PHYSOCARPUS OPULIFOLUS. Nine-barks—1 to 2 feet.

CARAGANA ABORESCENCE. Siberian Pea Tree—1 to 2 feet.

LIGUSTRUM AMURENSE. Amoor River Privot North—1 to 2 feet.

LIGUSTRUM POLESKI. Polish Privet—1 to 2 feet.

RHAMUS CATHARTICA. Buckthorn—1 to 2 feet.

* * * *

GROUP NO. 5—Well known and planted for their wealth of flowers. Price: 25 cts. each. \$2.50 per dozen. \$20 per 100.

HYDERANGEA ABORESCENS. Hills of Snow—1 to 2 feet.

HYDERANGEA PANICULATA GRANDIFLORA. Peegee Hyderangea—2 to 4 feet.

PHILADELPHUS VIRGINALIS. Flowering Mock Orange—1 to 2 ft.

LIONCERA TARTARICA. Tartarian Honeysuckle Red—2 to 4 feet.

LOINCERA TARTARICA. Tartarian Honeysuckle White—2 to 4 feet.

SPIREA BUMALDA. Spirea Anthony Waterer—1 to 2 feet.

SPIREA VAN HOUTTE. Bridal Wreath—2 to 4 feet.

SYRINGA ALBA. White Lilac—2 to 4 feet.

SYRINGA PERSICA. Persian Lilac—2 to 4 feet.

SYRINGA VULGARIS. Purple Lilac 2 to 4 feet.

WEIGELA. Weigela Rose— 2 to 4 feet.

* * * *

GROUP NO. 6—Vines and climbers for covering bare walls and arbors. Nice strong plants 2 years old. Price: 25 cts. each. \$2.50 per dozen. \$20 per 100.

AMPELOPSIS QUINQUEFOLIA. Virginia Creeper.

AMPELOPSIS VEITCHI. Boston Ivy

CLEMATIS LIGUSTICIFOLIA. Virgin Bower.

CELASTRUS SCANDENS. Bitter Sweet.

EUONYMUS RADICANS. Evergreen Creeper.

LIONCERA SALIMANTHE. Climbing Honeysuckle.

LIONCERA SEMPEVIRENS. Scarlet Trumpet Honeysuckle.

LYCIUM CHINENSIS. Matrimony Vine.

ROSES

FRAU KARL DRUSHKI—A pure-white large double. 2 yrs. 25c each.

GRUS AN TEPLITZ—Dark red, very large double. 2 yrs. 25c each.

PERSIAN YELLOW—A large double, true color. 2 yrs. 25c each.

RED RADIANCE—One of the best roses, large double. 2 yrs. 25c each.

WHITE HEDGE ROSE. Rosa Hispida. Small double white. Stands trimming, makes a beautiful hedge. 12 to 18 inch. 10c each.

DOROTHY PERKINS CLIMBER—A pink double. 2 yrs. 25c each.

WISCONSIN WILD ROSE—Rosa Blanda. Single pink. 12-18 in. 5c Ea.

QUEEN OF THE PRAIRIE—Medium size pink double. 15c each.

ROCK GARDEN ROSE—Rose Roulletti. Grows 8 to 12 inch. Roses are blood red, single. 25c each.

ILLINOIS WILD ROSE—Rosa Rugosa. Single white or single pink, 10c Ea. 2 to 4 ft.

PEONIES

Three to five eye, 25 cts. each. Two to three eye, 15 cts. each.

ALBATAIRE—White.

DUCHESS D' ORLEANS—Pink.

DUCHESS DE NEMOURS—Ivory White.

AUGUSTIN D' HOURE—Red.

DELACHE—Dazzling red.

BARONESS ROTHSCHILD—Pink.

ROCK GARDEN PLANTS

For rock garden planting creeping or matting plants, sedums, and low growing perennials are most satisfactory. Of these the sedums may be planted any time during the Spring or Summer months. Perennials and ferns, however, are recommended for Fall planting such as in late August, September, and early October. Prices: 10 cts. each. \$1 per dozen. \$8 per 100.

SEDUM ACRE—Gold Moss.

Yellow flowers, low growth.

SEDUM ALBUM—Bronze Foliage.

White flowers, low growth.

SEDUM ERWESI—Blue Foliage.

Pink flowers, low growth.

SEDUM FORSTERAINUM—Blue

Foliage. Pink flowers, low growth.

SEDUM STOLONIFERUM—Ever-

green Foliage. Purplish pink flowers.

**SEDUM KAMSTCHATICUM VARI-
AGATA**—Variegated Foliage. Or-
ange yellow flowers.

SEDUM SARMENTOSUM—Trailing
Habit. Yellow flowers.

SEDUM GRIFFINTHALE—Mossy
Foliage. Yellow flowers.

SEDUM HISPANICUM—Blue Foliage.
White flowers, low growth.

SEDUM KAMTSCHATICUM—Green
Foliage. Yellow flowers, low growth

SEMPERVIVUMS AND OTHER PERENNIALS

Prices: 10 cts. each; \$1 per dozen; \$8 per 100.

ARMACENA TRYPHILUM—Indian
Turnip or Jack in the Pulpit.

AQUILAGA CANADENSIS—Gold
Thread.

ASPUM CANADENSIS—Colts Foot
or Wild Ginger.

ARALIA NUDCALIUS—Sarsaparilla.

ARALIA RACEMOSA—Spikehead.

ARCTOSTAPHYLOS UVA-URSI—

Bearberry. Trailing ground cover,
red fruit.

CHIMPHILIA UMBELATA—Princess
Pine.

CHIOGENES HISPIDULA—Creeping
Snowberry.

CONVALLARIA MAJALIS—Lily of
the Valley.

CAPANULA ROTUNDIFOLIA—Blue
Bells.

CORNUS CANADENSIS—Bunch
Berry.

DIANTHUS DELTOIDES—Maiden
Pink.

EPIGEA REPENS—Trailing Arbutus

GAUTHARA PORCUPEMUS—Win-
ter Green.

LYCOPODIUM CLAVATUNG—
Christmas Green.

LINUM PERENNE—Perennial Flax.
Blue flowers.

IRIS PUMILA—Dwarf Iris.

Pink and dark blue.

IRIS VERSICOLOR—Fleur de Lis or
Blue Flag.

MAIANTHEMUM CANADENSE—
Canada Mayflower. Very small
white flowers.

MIXED THYME—Trailing and creep-
ing varieties.

NEPETA MUSSINI—Ground Ivy.
Lavender flowers.

PACHLSANDRA TERMINALIS—
Japanese Spurge. Evergreen ground
cover.

PENTSTEMON HIRSUTUS—Eastern
Pentstemon. Lavender flowers.

PHLOX SUBULATA ALBA—Moss
Phlox. White flowers.

PHLOJ SUBLUATA LILACINA—
Moss Phlox. Lavender flowers.

SAPONARIA OCYMOIDES—Trailing
Pink flowers.

SARACENA PURPUREAU—Pitcher
Plant.

SEMPERVIVUM TECTORUM—Brown
tipped leaves, pale red rosette.

SEMPERVIVUM BLANDUM—Bronze
leaves, deep red rosette.

SEMPERVIVUM GLOBIFERUM—
Grey-green leaves, yellow rosette.

STYLOPHORIUM DYPHILIUM—
Blood Root.

VINCA MINOR—Creeping Myrtle.
Evergreen foliage, blue flowers.

VIOLA ADUNCA—Sand Violet. Blue.

Price: 15 cts. each. \$1.50 per dozen. \$10 per 100.

EARLY WHITE LILY—Lilium Tri-
filium.

TIGER LILY—Lilium Tigrinum.

WILD RED LILY—Lilium Philadel-
phicum.

BLEEDING HEART—Dielytra.

Classed together. Price: 5 cts. each. 50c per dozen. \$5 per 100.

GOLDEN GLOW—Rudbeckia Lactin-
ata.

HOLLYHOCK—Althea Rosea.

Classed together and very rare. Price: 25 cts each. \$2.50 per dozen.

HYDRASTUS CANADENSIS—Golden
Seal.

CYPREPEDIUM REPENS—Large
Yellow Lady Slipper.

PANOX QUINQUFOLIA—Ginseng.

CYPREPEDIUM SPECTABLIE—Pink
Showy Lady Slipper.

YUCCA HARRIMANIA—Spanish Bay-
onet. Green leaves, white margins.

FRUIT TREES AND SMALL FRUITS

APPLES

4½ feet and up, 50 cts. each; \$5 per dozen; \$40 per 100.

HARDY FERNS

OSTRICH FERN—*Pteris Nodulosa*. Often called the Palm of the North, grows fronds four and five feet tall; is dormant in the winter, can be planted along walks or otherwise for landscape work; nice strong clumps. Shipped Spring or Fall. 15c each.

ROCK FERN—*Polypodium Vulgare*. Small Evergreen Fern, very pretty, small fronds about from four to six inches tall, likes shade and moisture, looks well in the rockery, makes a nice table fern. 10c each.

MAIDEN HAIR FERN—*Adiantum Pedatum*. Stands sunlight well, can be planted in pots in the Summer, is dormant in the Winter, has many uses. 10c each.

CUT LEAF FERN—*Adiantum Christatum*. Very pretty fronds, about 12 inches in length; must have shade, remains green during the Winter. 10c each.

DAGGER FERN—*Aspidium Acrostichoides*. Evergreen, beautiful fronds about twelve to fourteen inches; likes shade, can be used for indoor planting. 10c each.

EVERGREEN SEEDLINGS

Balsam Fir, Black Hills Spruce, White Spruce, Canadian Hemlock, Douglas Fir, Jack Pine, Austrian Pine, European Larch, Western Yellow Pine.

Price: 4 to 6 inch at \$15.00 per 1000. 50 trees and up at 1000 rates. Less than 50 trees of one variety at 3 cents each.

American Arbor Vitae (White Cedar), Norway Spruce, Scotch Pine.

Price: 4 to 8 inch at \$10.00 per 1000. 50 trees and up at 1000 rates. Less than 50 trees of one variety at 3 cents each.

Colorado Blue Spruce, Engelmann Spruce, Colorado Silver Fir, Mugho Pine, Norway Pine, White Pine.

Price: 6 to 8 inch at \$20.00 per 1000. 50 trees and up at 1000 rates. Less than 50 trees of one variety at 5 cents each.

Large evergreens and coniferous tree seedlings. Austrian Pine, European Larch, Japanese Pine, White Cedar, Black Spruce, Canadian Hemlock, Red Cedar, Douglas Fir, White Spruce.

Price: 2 to 3 feet at \$.15 each; \$1.50 per dozen; \$15.00 per hundred.

Seedling evergreens can have B & B packing. Each tree separate. 4 to 12 inch at 5 cents each; 12 to 24 inch at 10 cents each; 2 to 3 feet at 15 cents each.

DECIDUOUS TREE SEEDLINGS

12 to 18 inches at \$20.00 per 1000. 50 trees and up at 1000 rates.

Less than 50 trees of one variety, 3 cts. each.

Assemblers and Dealers — Collect — Extract — Import — Export

We have an up-to-date system of dessicating, cleaning and testing seeds and the seed we send out is *Pure* and of high germinating qualities. It is seed that *Grows*. We prefer seed orders early in the fall and will fill same subject to crop being sufficient and with the understanding that no liability will attach in case of failure to crop from any cause. Although we furnish seeds of high germinating percentage, they are without warranty in respect to growth; there being many causes which prevent good seeds from germinating.

The seeds priced in this list are of American, European, Asiatic, and North African species and are suitable for planting in a temperate climate. We can furnish seeds for tropical and semi-tropical climates and will price on request with a list of requirements of same.

We make no charge for bags or packing. Less than one-half pound of seeds will be charged at ounce rates, and we will pay parcel post on same. One-half pound and up will be charged at pound rates and buyer pays transportation charges. For quantity orders amounting to \$10 or more, write for special discounts.

CHRISTMAS TREES AND EVERGREEN DECORATIONS

Christmas Trees

For a number of years we have made the furnishing of Christmas trees and holiday decorations a leading branch of our business. Our satisfied customers now cover a large territory.

The trees we send out are carefully selected in the proper season and will remain fresh and green long after the holidays are over. Our native dark-colored spruce are the very best for Christmas trees. While the silvery-green white spruce and darker colored balsam fir are much in demand for general purposes, these two varieties are very popular as large trees to be placed in churches and auditoriums.

15 to 18 inches 50c each 30 to 36 inches 75c each

Municipal Christmas Trees

We can supply trees of large size and splendid proportions priced according to length from 24 to 40 feet. These trees are wrapped in burlap and shipped by express. The trees are too long for ordinary freight transportation and flat-car transportation proves very costly.

Prices given on request stating size desired.

Evergreen Boughs

We offer the branches of the evergreen trees cut in various lengths and packed in neat well-tied bales of following varieties: American Arbor Vitae, Balsam Fir, Black Spruce, Jack Pine, Norway or Red Pine, Hemlock, White Spruce, and White Pine.

These can be shipped by freight at a low cost.

\$2.00 per 100 pounds

Spruce and Balsam boughs can be furnished in quantities of three tons and over. A very liberal discount is allowed for shipments of carload lots of three to ten tons. We will be pleased to entertain any proposals on these varieties in such quantities.

The other varieties mentioned above are not so plentiful which prohibits the discount on quantity orders.

Evergreen Sprays

The tips of evergreen branches cut in convenient lengths and tied in bunches of ten. Varieties: American Arbor Vitae, Balsam Fir, Black Spruce, Jack Pine, White Pine, White Spruce, Red Pine, Scotch Pine, Austrian Pine, Ponderosa Pine. These sprays have many uses and will take the place of cut ferns in many cases.

Price: 10 bunches (100 tips) 50c; 100 bunches (1000 tips) \$4.00.

SEED PACKETS

25c each. **5** for **\$1.00**

Packets contain 100 seeds of one of the following varieties. Colorado Blue Spruce (Picea pungens), Colorado Silver Fir (Abies concolor), Engelman Spruce (Picea engelmanni), White Spruce (Picea canadensis), Canadian Hemlock (Tsuga canadensis). Each packet will be correctly labeled. Seeds can be planted in pots in late winter or outdoors in the spring. The assortment should be useful for persons interested in object teaching or experimental work.

AMERICAN ARBOR VITAE
(Thuja Occidentalis)

When to Plant

Nearly all planters agree that Spring is the best season to plant trees, shrubs and plants. Most of our orders call for Spring shipments--late March, April and May.

Evergreens and conifers are planted with a good deal of success in late August and early September.

Deciduous trees and shrubs do well if planted in late September and October.

For perennial flowers, ferns and plants, Fall planting is preferable--August to October. They do well planted in the Fall and will be in the ground ready to respond to the first growing urge in the Spring.

Cuttings of trees and shrubs must be planted in the Spring only and as early as practical.

American Forestry Co.

Cable Address—Forestry

The American Arbor Vitae is very hardy and useful for landscape development. It stands trimming well and is much planted for evergreen hedges, but if grown as a tree it gets to be of good size, perfect shape and beautiful without trimming or pruning. It is sometimes planted in rows a few feet apart and allowed to grow without trimming or cutting back. The branches will interweave and make a most efficient windbreak. The fern-like foliage is very dense, soft and of a deep green color. In beginning its growth the arbor vitae is more like the junipers and different from other coniferous evergreens. Our seedlings are grown from seeds collected in northern Wisconsin, the best type available, and we have growing a very large number of all sizes listed and can fill orders promptly. This tree does not start its growth as early as Spruce and Pines and can be shipped from April until June and September until November. Nurserymen and florists can grow from our four to eight inch size at very reasonable prices. No collection of evergreen trees is complete without American Arbor Vitae. Seldom attacked by insects; the foliage contains cedar oil which protects and preserves it, retaining its color and remaining soft and pliable for weeks after being cut from the branches, the sprays are used by florists for decorative purposes.
